

# PUBLIC MEETING

## Friends of Mudford Action Group

7.30pm on Friday 21<sup>st</sup> March  
At Mudford Village Hall

### **What is the purpose of this meeting?**

The FOMAG committee will clearly explain the current situation with the proposed development for 765 houses between Mudford and Yeovil.

This will effectively end Mudford's status as a village and seems likely to make frequent flooding in the village even worse, and create problems with sewage.

Surrounding villages and parishes will also be affected in many ways, not least significantly increased traffic, infrastructure and the lack of affordable houses in the plan.

The proposal has already been agreed in principle, but **it is not too late to challenge the decision** with a judicial review.

Please come and find out about plans for that and share your views and concerns about the project and the process.

*And why not come early and enjoy one of Enrico's pizzas? He will be in the village car park from 5pm and there will be a bar at the back of the hall.*

If you cannot make this meeting but would still like to register your views, send them to: Stephen Bartlett at [bartletthinton@hotmail.com](mailto:bartletthinton@hotmail.com)
